THE MAN WITHOUT A SOUL

And now our Uncle Samuel
He stands and calls the roll,
To find if any child of his
Was made without a soul.

A banker gives his credit,
And a mother gives her son;
A lawyer lays aside his briefs
And years to tote a gun.

A maiden gives her lover,
And her lover gives his life;
A miser gives his blessing
While deploring all the strife.

A workman gives his comforts,
His tobacco and his beer;
The kiddies empty savings banks
And give without a tear.

But some will not respond at all
And shut up like a clam.
What will they give? Alas we know
They wouldn't give a d—m!

And so our Uncle Samuel
He stands and calls the roll,
And finds that some are built like
men
But haven't any soul!

G. B. H.

ATTORNEY GENERAL TO MIAMI

Would Protect Soldiers To Be In the Mining District Just Southwest of Baxter Springs

Attorney General S. P. Freeling, of Oklahoma, was in the district just south of the Kansas line conducting an investigation of vice conditions both at Miami and the camps.

He will give most of his attention to immoral resorts in order to afford more protection to soldiers and men in the draft who will soon be taken into the army.

This course is being pursued by the government in co-operation with state and county officials, Freeling said because the condition of the men taken in the last draft developed the fact that prostitution was rife in their home towns. Large numbers of them were deceased before coming to camp, having contracted the disease at home. It is the hope of the government that means will be found to prevent this condition in the next draft, Freeling said.

"No man can do the kaiser better service," said Freeling, "than to provide any means whatever of incapacitating one of Uncle Sam's soldiers. The man in private life today is the soldier tomorrow; and he must be protected right from the start. This clean up is going to start right now."

ROAD COMMITTEES MEET

Formation of Kansas-Oklahoma Good Roads Organization—Meet This Afternoon

Seven men from Baxter Springs appointed as a committee to meet with a like committee of the Tri-State Mines Safety and Sanitary Association met in the assembly rooms of the Chamber of Commerce Friday afternoon. Matters pertaining to the building of a good road between Baxter Springs and the mining field were taken up. This is really the organization of the Kansas-Oklahoma good roads organization, which it is expected, will be the instrument in getting good roads between Baxter Springs and the mining camps. The following was the Baxter committee: Chas. Wells, chairman; Burton Weaver, Osborn Lynch, Walter Apple, J. W. Grantham, G. E. Lungren and O. M. Spratt.

You only need Sanol Eczema Cure to get rid of those Black Heads, Pimples, rough bumpy skin. Leaves skin smooth. Cures any case of Eczema. Is pleasant to use. A trial will convince you. 50c and \$1.00 at the drug store. For sale by Scott Drug Co.

F. W. Borden, manager of the Nemo Mining company, has just moved his family here from Oklahoma City and is making his home in one of the C. M. Clark houses in the north part of town.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

NEWS AND COMMENT

The story is told, and it may be true or it may not be, of a fatal mistake of a Baxter girl, made with a young sailor who was home for a couple of weeks on a furlough. Although acquainted but a few days the couple had by the usual stages reached that of sweethearts. The boy had been calling the girl "honey" for a couple of days and the girl had begun shyly to nestle up to the boy and call him honey. In the course of a dinner time conversation the girl, in loverlike bravado, familiarly addressed the boy as "Hun" instead of honey. The boy jumped up from the table in high dudgeon until he happened to think in what connection little bright eyes was using the word "Hun." Soldiers and sailors like to be called "Honey," but they don't like the "Hun."

Columbus now claims first place in the county on the Third Liberty Loan and has the undisputed figures from official sources to back up her claims. Columbus is deserving a great deal of credit for first place in the county, considering the difficulties under which the town labored. Baxter Springs is willing to admit that a mistake in the figures compiled by one of the banks caused us to crow too soon. Here's to Columbus and may they live up as handsomely to future loans as they did to the Third one.

The street car conductor on the Hockerville line says the people in Baxter and Hockerville are the nicest people he ever met with. Says he likes to be pleasant when people are responsive to it as they are here. Says he already knows most of the lines patrons by name or speaking acquaintance. This is the conductor whom most of you already know, is a very affable and pleasant little fellow whom folks like to treat nice.

One would not think to look at Ted Richardson's good humored Anglo-Saxon countenance that he spoke perfect Spanish and thinks good mandolin music is perfectly divine. Ted is Lowry's floor manager and just enough inclined to stoutness to keep him worried a little about it. Ted also has a very exceptional baritone voice that he might be persuaded to use on special occasions.

Judging from the weddings around about Baxter Springs the boys seem to think it is better to tie the knot before they go into service than to take chances on finding the girls waiting when they come home. Perhaps, though, the boys figure their young wives coming in for a percentage of government pay and other advantages and the \$10,000 insurance a soldier is allowed to carry by the government.

When you have backache the liver or kidneys are sure to be out of gear. Try Sanol, it does wonders for the liver, kidneys and bladder. A trial 50c bottle will convince you. Get it at the drug store. For sale by Scott Drug Co.

Do you get up at night? Sanol is surely the best for all kidney or bladder troubles. Sanol gives relief in 24 hours from all backache and bladder troubles. Sanol is a guaranteed remedy. 50c and \$1.00 a bottle at the drug store. For sale by Scott Drug Co.

MRS. J. DANIAL IS EXONERATED

WIFE OF OKLAHOMA CAFE KEEPER WAS PROVEN INNOCENT

EVIDENCE WAS INSUFFICIENT

Wright Taken to Federal Court at Muskogee in Absence of \$2,000 Bail—Both Arrested by Duncan

Mrs. Libbey Danial, of Picher, and Walter C. Wright, of Hockerville, were given hearings in Federal court at Vinita, Okla., Wednesday, May 15.

Picher, Okla., May 17—After a hearing which lasted only thirty minutes, Mrs. Libbey Danial, wife of Samuel Danial, accused of violating the espionage act, was exonerated and liberated in the federal court in session in Vinita, Okla., yesterday afternoon. Judge A. A. Brown ordered the release of Mrs. Danial after declaring that the evidence was insufficient to justify holding her.

Mrs. Danial was arrested a week ago in a raid on the Danial hotel which was made by William M. Duncan, who declared he was a government secret service agent. Five trunks were taken from the building and it is claimed by the police that one of the trunks found in the room of Walter C. Wright contained partly loaded bombs and some dynamite caps, as well as maps and other prohibited articles. Wright was arrested at the same time that arrest of Mrs. Danial occurred, and the officers were seeking Samuel Danial, but he left Picher and was not apprehended.

Wright's hearing was held at Vinita in the same court yesterday and he was bound over under \$2,000 bail. He failed to give bond and was taken to the federal prison at Muskogee. Mrs. Danial has returned to Picher and announced that she will assume charge of the Danial hotel within a short time.

Since the arrests, a bank which had advanced money on the building, leased the hotel to E. J. Baker for a month.

Duncan has been charged with being an imposter and is being held for federal authorities, who issued a warrant for him from Vinita yesterday. It is alleged that Duncan sold articles from the Danial trunks. He also caused the arrest of Ford Whiteside at Hockerville by accusing Whiteside of being a German spy. Whiteside was exonerated, but he lost his pocketbook, the contents of which were supposed to be in the possession of Duncan.

Mrs. Danial says was not called to the witness stand to testify in her own defense, and that Wright said that Mrs. Danial was never in his room to his knowledge, and she said she did not know Wright until he stopped at the hotel, four days before the arrests.

Wright said his trunks were brought to his room by the rear entrance. They were supposed to come from the Nawlund hotel in Webb City, Mo., to Picher.

Mrs. Danial says she is a Russian Jewess and was born in Odessa, Russia, twenty-four years ago, coming to the United States eight years ago. She has been a resident of Picher since last August. She was married to Samuel Danial in Chicago April 1, 1917. The officers still are seeking Danial, whose wife says she feels assured that he can prove his innocence when the proper time comes. She claims to know nothing of his whereabouts.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

SPLENDID FLOW OF SWEET WATER

Willard Coal and Ice Company Strike Good Water at 940 Foot Level—More Than They Can Use

The Willard Coal & Ice Company, who have been drilling a deep well for use of their own plant in Baxter Springs, have struck a splendid flow of fine water at the 940-foot level. The water is plentiful and will supply more than the company can possibly use.

The drillers struck a number of pretty good shines on the way down to the 940 level, but did not pay much attention to them.

Forest and Chalmers Smith, of Webb City, brothers of Mrs. E. C. Stevison, have come to Baxter Springs and accepted positions for the summer.
